PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate seeking an entry-level Software Developer role, with strong foundations in Java, OOP, DSA, SQL, and Spring Boot. Experienced in developing web-based applications using Spring Boot and MySQL, with a focus on problem-solving and building efficient software solutions.

EDUCATION

• **Bachelor of Technology (B.Tech) in Computer Science and Engineering**, Narayana Engineering College, Nellore *(Expected 2027)* — **Current CGPA: 9.3**.
• **Intermediate (MPC)**, Viswasai Junior College, Nellore *(2023)* — **CGPA: 9.86**.

PROJECTS

Food Donation System | *Java, Spring Boot, Spring Data JPA, REST API, MySQL* **October 2026**

- Developed a full-stack web application that connects donors with verified NGOs for food and monetary donations, with separate User, NGO, and Admin workflows.
- Implemented donation tracking and management, including food type, quantity, pickup/self-delivery options, donation history, and Pending/Approved/Rejected status handling.
- Built NGO verification and approval workflow, allowing Admins to verify NGO documents and NGOs to accept/reject donation requests with response messages.

Smart Waste Management System | *Java, Spring Boot, MySQL* **April 2026**

- Developed a web-based waste management system to monitor bin status, manage waste pickups, and report garbage-related issues through user and admin workflows.
- Implemented bin management and search functionality based on district/state, along with dashboards for viewing Empty, Partially Filled, and Completely Filled bins.
- Developed Admin workflows for pickup and issue management, including Pending/Completed pickups and Pending/Resolved reports, with automatic bin status updates after completed pickups.

TECHNICAL SKILLS

Languages: Java, SQL
Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA)
Frameworks & Technologies: Spring Boot, Spring Data JPA, REST APIs
Database: MySQL
Web Technologies: HTML, CSS
Version Control & Tools: Git, GitHub, Postman, Maven, Visual Studio Code

ACHIEVEMENTS

• **Top 33 Finalist** – **HACKADEMIA 2K24**, a 24-hour National Level Hackathon organized by Narayana Engineering College in association with Unstop.
• **Shortlisted Participant** – **BUILD-A-THON**, a 12-hour National Level Hackathon organized by GDG On-Campus, Narayana Engineering College.
